Michigan Survey Results

Q1 The candidates for President are Democrat Barack Obama and Republican Mitt Romney. If the election was today, who would you vote for?

Barack Obama	51%
Mitt Romney	42%
Undecided	7%

Q2 Have you completely made up your mind who you're voting for President, or are you still deciding?

Completely made up your mind	94%
Still deciding	6%

Q3 Do you think things in our country are headed in the right direction, or are they off on the wrong track?

Right direction	44%
Wrong track	49%
Not sure	7%

Q4 The U.S. Environmental Protection Agency, or EPA, is the primary federal government unit responsible for curbing air and water pollution and holding polluters responsible for their actions. Do you support or oppose the work of the EPA?

Support	63%
Oppose	25%
Not sure	12%

Q5 Do you believe that the EPA should protect the air we breathe and the water we drink with safeguards that hold corporate polluters accountable for the pollution they release into our communities, or not?

The EPA should implement safeguards that hold corporate polluters accountable	79%
It should not	14%
Not sure	7%

Q6 One candidate for President supports EPA standards to reduce toxic mercury pollution from power plants; the other candidate says these limits would be bad for business and EPA should not reduce mercury pollution. Would you be more likely to vote for a candidate who supports EPA standards to reduce toxic mercury pollution or one who opposes them?

A candidate who supports the EPA mercury pollution standards	60%
A candidate who opposes them	24%
Not sure	16%

Q7 One candidate for President supports EPA standards to reduce dangerous carbon pollution from power plants; the other says that these limits would be bad for business and EPA should not limit carbon pollution. Would you be more likely to vote for a candidate who supports reducing carbon pollution or one who opposes them?

A candidate who supports the EPA carbon pollution standards	57%
A candidate who opposes them	30%
Not sure	13%

Q8 One candidate for President says we should support clean energy with incentives in the wind and solar industry; the other candidate says wind and solar should not get that kind of support. Would you be more likely to vote for a candidate who supports tax incentives for wind and solar power or one who opposes them?

A candidate who supports tax incentives for wind and solar power	55%
A candidate who opposes them	34%
Not sure	11%

Q9 One candidate for President supports fuel efficiency standards that will nearly double the distance the average car can travel on a gallon of gas. The other candidate opposes these standards. Would you be more likely to vote for a candidate who supports fuel efficiency standards or one who opposes them?

A candidate who supports fuel efficiency standards 60%

A candidate who opposes them 32%

Not sure 9%

Q10 One candidate for US Congress supports EPA standards to reduce toxic mercury pollution from power plants; the other candidate says these limits would be bad for business and EPA should not reduce mercury pollution. Would you be more likely to vote for a candidate who supports EPA standards to reduce toxic mercury pollution or one who opposes them?

A candidate who supports the EPA mercury pollution standards 61%

A candidate who opposes them 26%

Not sure 12%

Q11 One candidate for US Congress supports EPA standards to reduce dangerous carbon pollution from power plants; the other says that these limits would be bad for business and EPA should not limit carbon pollution. Would you be more likely to vote for a candidate who supports reducing carbon pollution or one who opposes them?

A candidate who supports the EPA carbon pollution standards 59%

A candidate who opposes them 30%

Not sure 10%

Q12 Energy generated from wind power is a growing source of clean electricity in the US, creating jobs while reducing pollution. Some in Congress support extending tax incentives that help wind power producers compete. Others in Congress oppose tax incentives for wind power. Would you be more likely to support a Congressional candidate who supports extending tax incentives for wind power, or one who opposes them?

A candidate who supports expanding tax incentives for wind power 56%

A candidate who opposes them 35%

Not sure 10%

Q13 Water and air pollution caused by fracking, a method of drilling for natural gas that involves injecting chemicals into the ground, have surfaced as a major concern in many communities across America. Do you agree or disagree that natural gas drilling companies should have to disclose the chemicals they inject underground in the drilling process because of the public's right to know about the health risks posed by these chemicals?

Agree 69%

Disagree 20%

Not sure 11%

Q14 If you are a woman, press 1. If a man, press 2.

Woman 56%

Man 44%

Q15 If you are a Democrat, press 1. If a Republican, press 2. If you are an independent or identify with another party, press 3.

Democrat 41%

Republican 30%

Independent/Other 29%
