

Maine Survey Results

Q1 How likely are you to vote in the election for US Senate this fall: will you definitely vote, probably vote, are the chances fifty-fifty, or will you probably not vote?

Will definitely vote 95%
Will probably vote 5%
Chances are 50-50 0%
Will probably not vote..... 0%
Not sure..... 0%

Q2 Do you have a favorable or unfavorable opinion of President Barack Obama?

Favorable..... 49%
Unfavorable 43%
Not sure 8%

Q3 Regarding the President's environmental agenda, do you feel it is very close, somewhat close, or not close at all to your own views on the matter?

Very close 23%
Somewhat close 36%
Not close at all 36%
Not sure 4%

Q4 Do you have a favorable or unfavorable opinion of Governor Paul LePage?

Favorable..... 36%
Unfavorable 54%
Not sure 10%

Q5 Regarding the Governor's environmental agenda, do you feel it is very close, somewhat close, or not close at all to your own views on the matter?

Very close 21%
Somewhat close 25%
Not close at all 49%
Not sure 5%

Q6 Would you say it is very important, somewhat important, or not important for Maine's new Senator to support a national energy policy that moves America beyond a dependence on foreign oil to one that relies more on fuel-efficient cars and renewable sources of energy such as wind and solar?

Very important..... 63%
Somewhat important..... 23%
Not important 14%

Q7 Some say that the US EPA should do more to hold corporate polluters accountable and protect the air we breathe and the water we drink from pollution, while others say the EPA is doing too much, which threatens jobs and costs too much money. Would you say it is very important, somewhat important, or not important for Maine's new Senator to support the EPA?

Very important..... 54%
Somewhat important..... 29%
Not important 17%

Q8 Increasingly, chemicals used in consumer products -- from baby bottles to food packaging -- are being shown to impact human health, contributing to conditions like learning disabilities and cancer. Some companies argue that these concerns are overblown and that chemicals in our products have not been proven dangerous. How important do you feel it is for the U.S. government to identify the most dangerous chemicals currently used in making consumer products and require manufacturers to replace them with safer ones, as long as they are effective and affordable? Is this very important, somewhat important, not very important, or not at all important?

Very important..... 76%
Somewhat important..... 16%
Not very important 6%
Not at all important..... 2%

Q9 There are proposals in the U.S. Senate to kill a national standard that would reduce dangerous toxic air pollution, such as mercury and arsenic, from power plants. If a candidate for the Senate from Maine supported such proposals to reduce toxic pollution, would you be more likely or less likely to vote for them?

Much more likely..... 51%
Somewhat more likely..... 23%
Somewhat less likely..... 17%
Much less likely..... 9%

Q10 The federal government is proposing to restore protections against pollution for waterways, such as many small streams and wetlands. If a candidate for the Senate from Maine supported such proposals to improve water, would you be more likely or less likely to vote for them?

Much more likely..... 68%
Somewhat more likely..... 22%
Somewhat less likely..... 7%
Much less likely..... 4%

Q11 Many experts say that in addition to contributing to global warming, carbon pollution is especially dangerous for children because it makes smog pollution worse, triggering asthma attacks, damaging their lungs. If a candidate for the Senate from Maine supported proposals to reduce carbon pollution from industrial sources, would you be more likely or less likely to vote for them?

Much more likely..... 60%
Somewhat more likely..... 23%
Somewhat less likely..... 11%
Much less likely..... 6%

Q12 If you are a woman, press 1. If a man, press 2.

Woman 54%
Man..... 46%

Q13 If you are a Democrat, press 1. If a Republican, press 2. If you are an independent or identify with another party, press 3.

Democrat..... 41%
Republican..... 32%
Independent/Other..... 27%

Q14 If you are 18 to 29 years old, press 1. If 30 to 45, press 2. If 46 to 65, press 3. If you are older than 65, press 4.

18 to 29..... 12%
30 to 45..... 20%
46 to 65..... 38%
Older than 65..... 30%
