

# Climate Plan Analysis – Power Sector

## Administrative Action

Candidate	Donald Trump	Joe Biden	Bernie Sanders
<b>EPA Greenhouse Gas Standards for Power Sector</b>	<b><i>Rolled back</i></b> the Clean Power Plan, replaced it with the do-nothing ACE rule	None	"an EPA federal renewable energy standard... will fully drive out non-sustainable generation sources"
<b>Federal Procurement Standard</b>	<b><i>Repealed</i></b> existing Executive Order 13693 on improving energy & water efficiency within the federal government	"Using the Federal government procurement system – which spends \$500 billion every year – to drive towards 100% clean energy"	None
<b>FERC Rules for Renewable Energy</b>	Administration officials have pushed for FERC to <b><i>prop up</i></b> uncompetitive fossil fuel generation and <b><i>undermine</i></b> clean energy	None	None
<b>Smart Permitting of Renewables on Federal Public Lands and Waters</b>	Administration has proposed <b><i>weakening</i></b> permitting review of the climate effects of energy projects	"establishing targeted programs to... develop renewables on federal lands and waters with the goal of doubling offshore wind by 2030."	None
